Returned with compliments.

This office is not aware that the Essenfleur Products Ltd., has been wound up. A Special or Extraordinary Resolution is necessary under Section 203 of the Mysore Companies Regulation, if the Company is to be wound up voluntarily. No such resolution seems to have been passed, as no copy thereof has been filed in this office as required by Section 82, where fines are also prescribed for default in so filing. It is therefore presumed that the Company is in existence.

The Managing Director lately sent a communication from Hospet regretting the delay in the submission of the return and stating that he has requested Mr. B. K. Garudachar to convene the required meeting and submit the return. He has also requested me not to take any steps for non-compliance with the provisions of the Regulation and allow time until the meeting is over. I have replied that I have deferred taking action to enforce the penalties up to the 15th instant. A further report will be submitted to Government after that date.

Even though the Managing Director of the Company Mr. V. I am therefore ordering his prosecution under Section 32 of the said Regulation.

To

Sir,

With reference to your letter No. D4581 dated 22nd March 1934, I have the honour to state that the correspondence relating to the Essenfleur Products, Ltd., stands as follows:-

In his letter dated 23rd September 1933, the Managing Director of the Company stated that a meeting of the members was held on 23rd September 1933 and that the members decided to pass an Extraordinary Resolution for the winding up of the company on the 4th October 1933. What happened subsequently is not known, as the Managing Director did not reply to the communications sent by this office. As it appeared to me that there was no use in waiting for the extraordinary resolution to be sent, I sent a letter to the Managing Director under Section 247(1) of the Mysore Companies Regulation, with a view to taking steps to strike off the name of the company from this office register The Managing Director replied that steps might be taken to strike off the name of the company and that he was also arranging to move the Court for the winding up of the company. He has been informed in this office letter dated 15th March 1934 that, if the name of the company was struck off by me, he would not be in a position to move the Court for the winding up of the company and that he should adopt either the one or the other course, and has been requested to state whether he is agreeable to the name of the company being struck off by me. His reply has not yet been received

2. The submission of the Summary of Share Capital etc., could not be enforced, as the Managing Director represented that the account books seized in connection with the Sandal Oil Defalcation Case are still with Government and that he was not therefore in a position to send the statutory returns to this office and that the company had ceased to function even before he was appointed as Managing Director.
